Subject: PLANNING APP 4/24/2409/0A1 - 29 MARKET PLACE, EGREMONT

Application for consent to display new ATM tablet sign

Thank you for the above planning application.

There are no objections to this proposal from Environmental Health, though the following condition is suggested if the tablet sign is artificially illuminated.

Any works to install the ATM facility are also requested to be undertaken within agreed standard working hours where practicable.

- Artificial Lighting (external)

Artificial lighting to the development must conform to requirements to meet the Obtrusive Light Limitations for Exterior Lighting Installations for environmental zone E3 contained within The Institute of Light Engineers Guidance Note GN01/21 (dated 2021) for The Reduction of Obtrusive Light.

Reason: In order to safeguard the amenities of adjoining residential occupiers.

- Noise from Construction Works

Following approval of the development, construction activities that are audible at the site boundary shall be carried out only between the following hours. Monday to Friday 08.00 – 18.00 and Saturday 08.00 – 13.00 and at no time on Sunday or Bank Holiday.

Deliveries to and removal of plant, equipment, machinery and waste from the site must only take place within the permitted hours detailed above unless otherwise agreed with the Local Planning Authority.

Reason: In the interests of the amenities of surrounding occupiers during the construction of the development.
