Hello Christie,

See below and attached from Gleesons. The attached confirms that the main has now been disconnected – I understand that is what was required to address the outstanding issue?

If you could reconsult on this basis that would be great thanks.

Kind regards,

Simon

Good afternoon, Frank/Alex

Ivy Mills, Cleator Moor - 8 " diversion/cap off

Please find enclosed the quotation for the additional works that were required on site for the diversion/abandonment works, as discussed with Chris Heywood, our construction engineer

Can you please sign the acceptance note and arrange for the payment to be made, as soon as possible.

As all the work has now been completed on site.

regards

Helen

Hi Helen,

As discussed, please can you re-quote to include traffic management.

Thank you

Regards.

Alex Oliver

Good afternoon Alex

case 06650935 Ivy Mills, Cleator Moor, Whitehaven

Please find enclosed your quotation for capping the existing 8" PV water main, at the above site.

As discussed I have costed the work for the end washout to be installed on site, and you will provide access to avoid the traffic management costs.

A CAD drawing will follow in due course.

Regards
Helen

Hi Paul

Is the 8" main shut off which crosses this site? we are proposing to cap with an end washout just on the edge of the site for the moment, to abandon the main crossing the site. Once they are ready then to piece up and extend in a 90mm to feed the site as discussed with Chris Markham earlier today.

can you confirm the existing valve is in working order or do you need me to raise you a 3rd party?

Regards
Helen

Good morning Alex

I am having a meeting to discuss the diversion/capping the 8" water main on the site this afternoon. Just looking at the traffic management and wondering if we could cap the main on site, to avoid the traffic management issues and the costs? Looking at the design it looks like there is an area of footpath/grass verge? this would be dependant on if we can get access to under take the work on site ie parking, etc.

If you could please confirm

Regards

Helen

Good morning Alex

Following on from our telephone conversation yesterday, please find enclosed an invoice to enable you to raise the diversion application fee payment, so that we can get the job booked on the system.

Regards
Helen
