Subject: PLANNING APP 4/24/2214/DOC - IVY MILL, MAIN STREET, HENSINGHAM, WHITEHAVEN

Discharge of condition 8 of planning application 4/17/2143/001

In terms of addressing the potential impact on human health, Environmental Health are satisfied that the approach of the Remediation Strategy to date is acceptable, though the concerns raised by the Environment Agency in their response dated 27.06.24 remain, and further work is required. The re-use of material on site will also require a Materials Management Plan. As such, condition 8 cannot be fully discharged until the issues raised by the Environment Agency are resolved.

Regards

Kevan Buck
