**Cc:** Sarah Papaleo  
**Subject:** PLANNING APP 4/24/2373/0F1 - LND AT WESTLAKES SCIENCE AND TECHNOLOGY PARK, INGWELL DRIVE, MOOR ROW

The establishment of a community gardening initiative based on providing therapeutic benefits to the learners who attend – providing food to those who need it in an environmentally friendly way (retrospective)

Thank you for the above planning consultation.

There are no objections to this development from Environmental Health.

All foul waste (including grey water from any kitchen / sinks in the cabins) should be disposed of by specialist collection, given that there are no on-site foul drains and sewers.

The applicants may need to register as a food provider if food is provided to the wider community on a regular and organised basis, see:

<https://www.food.gov.uk/safety-hygiene/providing-food-at-community-and-charity-events>

Regards
