Introduction

The following management plan outlines the procedures and practices that will be implemented to ensure the responsible operation of the property at 2 Gill Grove, Grove Road, EGREMONT, CA22 2PL as a self-catering holiday let. The plan aims to mitigate potential disruptions to neighbours and maintain the property's positive contribution to the community and local economy.

Ownership and Management Responsibilities

Day-to-Day Management:

The property is owned by Meridian Property Group, which owns and operates a number of holiday lets across the Lake District National Park. The property is managed by a full-time maintenance manager and property manager who live less than one hour from the property. They deal with the general house and ground maintenance and are available on call in case of any emergencies.

A local security team is also available 24/7 to deal with any complaints if the in-house management team are unavailable.

Change in Ownership:

If the holiday let is sold to an individual or individuals, a professional management plan will be implemented to ensure continued responsible operation.

This plan is detailed below.

Guest Screening and Bookings

Screening Process:

All bookings will be verified prior to confirmation. The screening process will include checks on the purpose of the stay, group size, and the nature of the booking to ensure it aligns with the property's intended use as a peaceful, family-friendly holiday let, primarily for multi-generational groups of families on holiday.

During this time:

Use of outdoor facilities, including the hot tub and garden areas, will be strictly prohibited.

To enforce the curfew, measures such as automatic deactivation of hot tub and outdoor facility access may be implemented after 11:00 PM.

Clear signage within the property will remind guests of the curfew policy, and the management team will be on call to address any reported disturbances.

Waste Management

Regular Waste Collection:

A contract with a licensed trade waste disposal company will be in place to ensure regular collection of rubbish and recycling. Clear instructions for waste disposal will be provided to guests to maintain cleanliness and avoid misuse of local facilities.

A comprehensive guide within the property will detail waste disposal practices, including how to sort and store rubbish and recycling appropriately.

24/7 Contact Availability:

A dedicated management team will be available 24/7 to address any urgent issues or concerns. Contact details for this service will be prominently displayed within the property and shared with neighbouring residents.
