

Landscaping

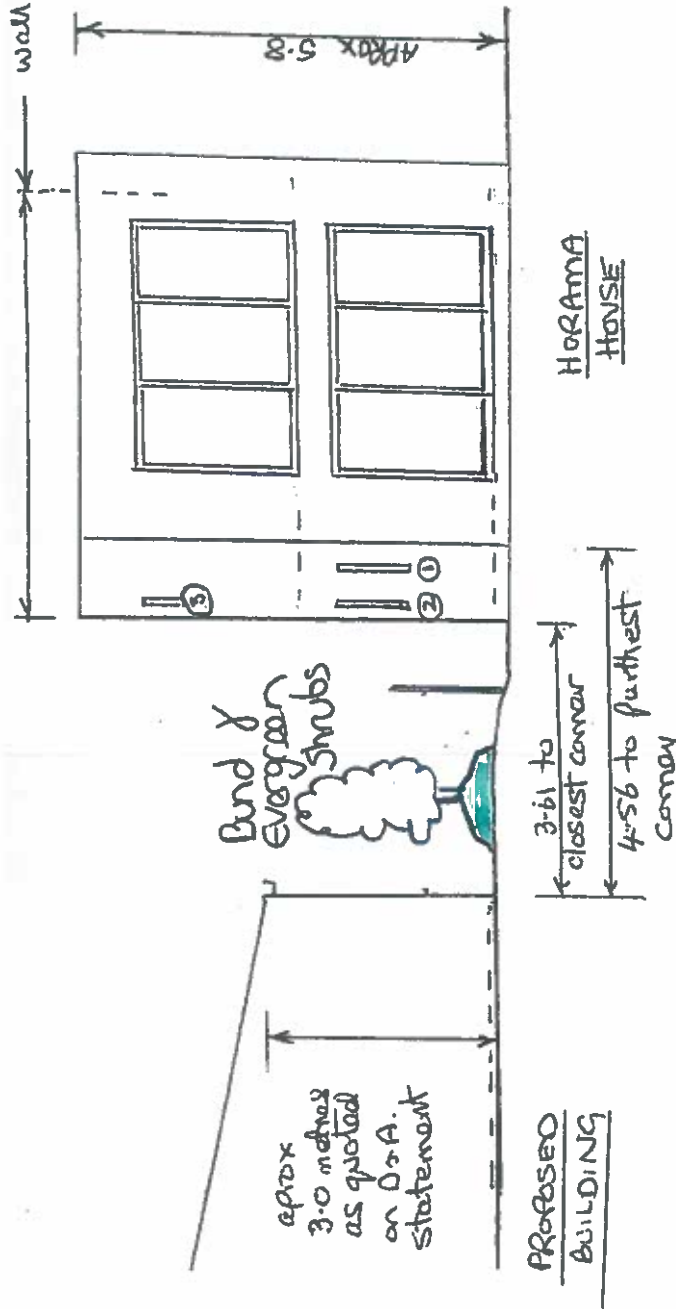

The land between the new building and Horama House has a soil bund on which we have planted some evergreen shrubs. We will continue this bund and shrub line the full length of the building.

To access the new building we will install a 6" thick concrete road 3m wide that will run to the existing car park.

Adam Slack

wall plane behind is 5-6 m back from closest corner (minimum)

N.E. ELEVATION

SCALE 1:100

- A) WINDOWS IDENTIFIED ① ② ③, RELATE TO SAME IDENTIFIED WINDOWS ON ENCLOSED 'HORAMA HOUSE' FLOOR PLAN, II
