15th November 2025.

Dear Mr Hayhurst

Members reviewed the following application at The Town Council meeting held on 11/11/2025.

- 4/25/2335/OF1. Proposed drainage scheme for the adjacent development.

The Town Council expressed some concerns with the proposed drainage scheme supplied by the developer for this development and want to express the view that the conditions suggested in document DC/25/2683 of the 3rd November be attached to approval if granted and that the developer ensures and agrees that these conditions will be met.

Yours sincerely

Mr Steve Richardson
Clerk to the Council
