Good afternoon Oli

Following the recent town council meeting I can confirm that the council have no objections in principle to this application, however, concern was raised regarding the ownership of this piece of land as it was always an area separate from the houses and we know that the owners were trying to claim it as theirs. This area did have an access to a footpath but a resident did block up the access gateway some time ago. Could this area be investigated as to the ownership of the ground before any planning is granted for the fence.

Regards

Cath
