

Noise Management Plan

5 Ellerbeck Barns

Egremont

CA22 2UA

10/09/2024

Having recognised that my business could cause noise disturbances to the amenity of the area and neighbours, I will only be open between normal working hours, between the hours of 10-5 Monday to Friday and not at all during weekends and bank holidays.

As dog grooming is an enrichment activity, most dogs should be content during their visit, however I will provide enrichment activities and distraction techniques, such as lick mats, kongs and toys.

To reduce the possible noise disturbance, I will not be leaving the dogs unattended, they will be arriving and picked up at set times, and will be run as an appointment only, at a maximum of 4 dogs per day.

All equipment will be regularly maintained to prevent generation of noise at source, to minimise and contain noise all equipment will be used with good operational techniques and within the building only.
