

| Component | Noise Management Plan – Measures in place / to be taken |
|---|---|
| Inside music noise | <p>Background music to be played in line with the relevant regulations between 1pm-9pm Friday, Saturdays and every other Sunday. Noise will be kept to a minimum as was when premises was a salon and barbers and relevant music licence will be purchased.</p> <p>Building is soundproofed causing no disturbance to any of the public or the above flat (personally occupied by myself). Speakers will to be placed away from the windows and walls and placed against the wall adjoining onto the premises kitchen then empty back yard. Doors will be closed and only open upon entry to the premises and windows will remain closed unless the building becomes too hot and windows will be temporarily opened. Testing has been carried out whereby music was played from inside the building and could not be heard from passing by the outside of the premises re enforcing that there will be no public disturbance.</p> |
| Outside music | N/A |
| Deliveries and collections | <p>Friday collection for stock prior to work.</p> <p>Should any deliveries be needed (not envisaging this as I will be collecting stock) They will be arranged for Mon-Fri between 09:00 - 16:00 pm.</p> |
| Smoking shelters, external seating and eating areas, indoor furniture | <p>No designated smoking area, however any cigarette butts found within 3m2 of the premises front door will be cleared each night.</p> <p>Indoor furniture to have rubber feet protectors reducing noise levels on flooring.</p> |
| Garden and Soft play area's | N/A |
| Customers and carparks | <p>Customers are prohibited from parking outside.</p> <p>Clear signage at premises exit regarding customers to leave with reduced noise levels and to be respectable to neighbours.</p> <p>No drinking outside signage to be displayed on premises and monitored.</p> |

|--|---|
| Refuse, recycling, bins, barrels, bottles and stores | If noisy this will be done in the mornings and not late evenings. Refuse and recycling stores are located at the site therefore no movement of waste is required other than removal. |
| Skittle alleys | N/A |
| Equipment such as air con, extractors, | N/A at present however possibility of mobile extraction coolant unit during summer months if required. |
| Complaints | <p>All neighbours have our contact number if they feel that the music is too loud, someone on site at all times to ensure strict adherence and we can deal with any concern from the neighbours.</p> <p>Paper/electronic copies will be kept recording date/time/name/cause and action taken to keep a health relationship with neighbours.</p> |
