With regard to the above application, Arlecdon and Frizington Parish Council have the following concerns:

- We are concerned the placement of this site would cause an increase in antisocial behaviour, especially given the car wash next door is dark and empty at night and would be a good area to loiter.
- There is no parking at the site, so this will cause trouble in an area that is already experiencing parking issues.
- It also creates competition to the two existing shops which already sell the same items; it is the view of the parish council that Frizington does not need another off licence.
- Lastly, the quarry junction is already a bottlenecked area and adding another reason to stop here could be potentially dangerous, as well as the danger to pedestrians, it is an area that also has problems with speeding.

Kind regards
