In addition to the numerous comments/concerns already submitted by some Beckermets residents in the vicinity of the proposed build site Beckermets with Thornhill Parish Council have the following comments/questions:-

- 1 The houses do not appear to be in keeping with the conservation area they are to be built in
- 2 Based on attendance/comments at last night's Parish Council meeting the residents living close by are not supportive of the plans
- 3 The plans show that the houses will have solar panels; are solar panels allowed to be installed on houses in a conservation area? It has come to our attention that a Beckermets resident was refused permission to install solar panels on their house. Please clarify your position.

Kindest regards

Tina

Clerk

Beckermets with Thornhill Parish Council
