Hello Chris

Many thanks for your email of 11<sup>th</sup> March 2026, with attachments. I am indebted to Robert Gibbs for this additional information regarding the deployment of CCTV at the new store. The absence of an 'Operational Requirement' document is disappointing (relates to the process of design, specification of equipment and expected outcomes of the entire scheme). However, of particular note is the clarification that the system will be installed and operated in compliance with GDPR and Data Protection Act 2018 - to which Aldi Stores Ltd shall have legal responsibility as the Data Controller.

With our continued reliance on CCTV evidence in the prosecution of retail crime, the Constabulary endeavours to remind operators of two factors:

- Video evidence shall be of 'Evidential Quality' that clearly identifies an offender
- Video evidence shall be collected and processed lawfully, to avoid any dispute that it may be inadmissible at court

From the information provided, I am now confident that Condition 19 can be discharged.

Best regards

**Andy Hunton**
