Comments:

The Parish Chairman has asked for it to be noted that this application is incorrectly attributed to Gosforth and Beckermeth with Thornhill Parish on the planning register. The blower is located in Ponsonby Parish.

The Parish Chairman has asked for this to be corrected on the register.

Whilst there is no objection, there is concern regarding the volume of traffic. Would the six 20-tonne trucks be vacating the site through Calderbridge or travelling towards Blackbeck roundabout. Whilst this is not an overly large increase in traffic there is concern regarding waste contamination/materials being transported.

Confirmation of the intended route of travel is requested.
