

APPLICATION REF: 4/23/2314/0F1
LAND AT PRESTON STREET, PRESTON STREET, WHITEHAVEN
Discharge of Condition 6

20/02/2026

To Whom It May Concern,

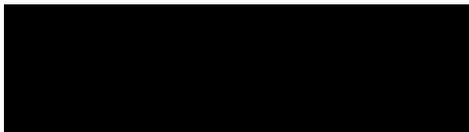

I confirm that Archaeological Services Durham University has been contracted by ALDI to conduct the archaeological reporting works (production of post-excavation assessment report) pertaining to condition 6 of the above planning consent.

The assessment report will include the following:

- project background
- landuse, topography and geology
- historical and archaeological background
- site narrative – interpretative, structural and stratigraphic history of the site
- specialist artefact assessments
- conclusions with reference to the aims and objectives of the work and any specific research aims
- a plan showing the location of the site, excavation areas and grid reference of site
- plans of archaeological features by phase, and selected section/photographic elevations and drone photography
- tables summarising the deposits and features and the classes of artefacts encountered, together with spot dating of significant finds
- updated project design with recommendations for further works on the material recovered if appropriate

The assessment report is scheduled for completion on 26/06/2026

Yours Faithfully,

Peter Carne
Head of Archaeological Services
Durham University
