

First 8m to be bituminous macadam, access area rolled over to prevent surface water from flowing off the highway onto the site - see dwg 19343_PL01_04 - surface water will then percolate naturally through the permeable car park.

See architects drawings for internal car park details - finish to be permeable

- KEY:**
- HB2 - Half battered kerb
 - TRL - Transition kerb
 - TRR - Transition kerb
