

APPENDIX C

DESIGNERS EXCEPTION REPORT

CROSSINGS CLOSE

CLEATOR MOOR

ITEM	DESIGNERS RESPONSE
7.1	<p>This is an Existing Pedestrian access with long established use. As noted in the report there are no records of any incidents.</p> <p>Crossings Close and the Verge next to the site entrance are not adopted.</p> <p>Earlier consultation with Highways has determined that maintaining the site entrance As Existing, is an appropriate design solution.</p>
7.2	<p>Similar to the above, this is an Existing Vehicle access with long established use. As noted in the report there are no records of any incidents.</p> <p>Earlier consultation with Highways has determined that maintaining the site entrance As Existing, is an appropriate design solution.</p>
7.3	<p>Swept Path Analysis attached, showing the design to be suitable for all vehicles and the radius bend to be satisfactory.</p>
7.4	<p>The proposals are likely to see Reduced Pedestrian movement from the site onto Whitehaven road, compared to when the Chapel was in full use.</p>
