RE: BARN ADJACENT TO SELLA GRANGE, SELLA PARK HOTEL, CALDERBRIDGE
REF: 4/23/2135/0F1

Good Morning

Thank you for the opportunity to comment on the above planning application. This response from the Joint Emergency Management and Resilience Team relates to emergency planning arrangements in the unlikely event of an incident occurring at Sellafield Ltd. The Sellafield site is currently covered by the provision of the Radiation (Emergency Preparedness and Public Information) Regulations 2019.

The applicant should note that they **are required to** contact the Joint Emergency Management and Resilience office via emergency.planning@westmorlandandfurness.gov.uk to ensure information about the development can be captured and the Sellafield Off Site Emergency Plan can be updated accordingly. The type of information required to be included in the plan is the location and type of development. This information is **vital** to ensure public protection is in place in the event of an incident at the Sellafield Site.

During the construction phase of the development, there could be an increase in the number of persons in the area (including trade people), in the event of the application being granted, it is **required** that the applicant liaise with this office **prior to the start** of construction via emergency.planning@westmorlandandfurness.gov.uk. This liaison is **essential** to ensure the applicant, and their trades people/contractors plus paying guests are aware of the appropriate information and actions to take should there be an incident at the Sellafield site.

There are no objections to the proposed works.

Kind Regards

Rachel Woodward, Emergency Planning Officer
On behalf of Jonathan Burgess, Resilience Manager
Joint Emergency Management and Resilience Team
