

**LIFETIME WARRANTY**  
on selected materials

**GRASS MAT SAFER SURFACING**  
tested in accordance with BS EN1177 & EN7188  
1m x 1.5m, 22mm thick  
supplied with turf reinforcement mesh  
Grass areas should be well established prior to grass mat safety surfacing being laid

**EQUIPMENT SAFETY ZONE**

**BORN GREEN**  
Means products are made from natural hardwoods like robinia. Robinia is highly durable and does not require any chemical wood preservatives. KOMPAN Robinia products also come with FSC® certification (C004450).

For location of play area ref. Architects drawing  
For details of soft landscaping ref. Landscape Architects drawing  
Design assumes the site will be levelled by others(max. gradient 1:100), free draining and with good access  
Quotation and design is submitted with an initial site survey, we reserve the right, following a full site survey to amend the design appropriately.  
Areas and dimensions shown are critical for compliance with European safety standards En1176 & En1177, If in doubt ask!  
Grass areas should be well established prior to grass mat safety surfacing being laid.

	Product Number	Product Name	CFH	Age	Qty
A	NRO802	Single Balance Beam	47	3+	0
B	NRO820	Waterlilies Balance Post, 5 Pcs	32	2+	1
C	NRO821	Balance Posts with Rope	35	4+	0
D	NRO851	Balance Combination	45	4+	0

**A BETTER FUTURE**

**We are taking significant steps to tackle the #1 climate culprit in our business: raw materials.**  
KOMPAN chose the Greenhouse Gas Protocol to focus our efforts on the areas with significant impact on reducing our carbon footprint. We found that approximately 80% of the carbon emissions were a result of the use of raw materials in our production of playground and fitness equipment. We turned data into action, and from 2024, we can now make colourful playgrounds with 95% recycled materials, using post-consumer recycled waste in HDPE panels, tempered Corocord™ rope with EcoYarn™ and TexMade™ posts.
