Thank you for forwarding details of this application to fell one ash tree and prune back one sycamore protected by a Tree Preservation Order. I can confirm that St Bees Parish Council has no objection to this application providing that this work is acceptable to Cumberland Council's specialist tree officer.

This is the most recent in a number of applications for tree work around the Fleatham House site. Can you confirm that new trees have been planted to replace trees lost over recent years and that these replacements are monitored to check that they become established?

Jane Donaldson

Clerk to St Bees Parish Council
