

Statement: Planning Condition 3

APPLICATION No: 4/21/2489/0F1 RESIDENTIAL DEVELOPMENT OF 37 DWELLINGS LAND WEST OF CLEATOR MOOR ROAD, WHITEHAVEN

United Utilities has confirmed the existing 8” water main shown to and within the eastern and southern boundary of the development on the attached record plan is live (Ref: Email dated Monday, June 24, 2024 3:05 PM). The developer Gleeson Cumbria propose to utilize the existing main to serve the site compound incl. of welfare facilities.

A barrier and signage will be erected along the route of the existing watermain prior to any site works incl. earthworks starting in order to protect the main from construction traffic and activities.

On completion of the development the water main is to be disconnected by United Utilities within Cleator Moor Road and the main abandoned.
