

Dear Christie,

As you requested, please find attached the photos of the caravan taken on 01/02/2009 (in snow) and 23/03/2009 in that were in the file I showed you when we met, and the satellite photograph from 20/02/2014. Also included is a photo of the caravan taken last Tuesday, 29 August 2023 with my bungalow Latona in the background, as we have not included any photos from this year. I will send you the screen shots from my computer files for the 2009 photos which show the dates they were taken if you need them.

Regards

Jenny Hawkes
