Dear Christie,

Attached with this cover letter are a collection of documents that support the application for planning permission in relation to the erection of rear ventilation flue on rear elevation 4/23/2029/OF1.

Within this suite of documents is as follows:

South Parade Exterior Diagram Rear Ventilation - This documents details how the flue will appear against the building including measurements and specifics.

Ducting Specification Document DW/144 – This document details how the ducting is made and the standard of how it is manufactured.

Example of ventilation flue in the Copeland Catchment – This is a photographic example and notes of a similar system installed in Frizington, Cumbria.

Please let me know if any further specifics are required and I will be happy to provide them.

Regards

Benjamin Seed
