

DESIGN STATEMENT

Project Name: The Whitehaven Academy

Subject: Change of Temporary Site Access Road to Permanent Access

Curtins Ref: WHA-CUR-XX-XX-DS-C-92001

Revision: P01 Date: 03/10/2022

The purpose of this statement is to confirm the drainage proposals for change of status to the Temporary Site Access Road off the B5295, Cleator Moor Road.

Existing Drainage Situation

The site access road, as constructed, see drawing WHA-CUR-XX-XX-DR-C-04001-P01, is laid to fall into the site from the public highway. Levels are set such that surface water runs off to the soft landscaping within the site boundary.

Proposed Drainage Situation

No changes to levels on the access road or contributing areas are proposed. Surface Water runoff from the road surface will continue as at present; discharging to the soft landscape areas within the site boundary.
